Microsurgery

45ème CONGRÈS

Journée du 13 Mars Ecole du Fer à Moulin
Travaux Pratiques Reconstruction des Nerfs
Journée du 14 Mars AéroClub de France
Congrès

13 et 14 MARS 2025
Paris-FRANCE

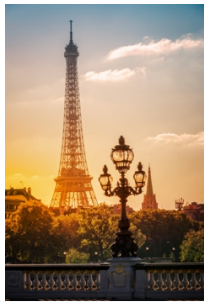

F FONDATION
HÔPITAUX
ROBERT
SCHUMAN

Avec la participation des Hôpitaux Robert Schuman - Luxembourg

Président: Dr Germain Pomares

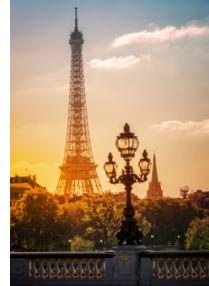

- 8:00 AM :** **Welcome**
- 8:20 AM :** **Opening remarks from the Chairman**
- 8:25 AM : How were ideas born in surgery ? *Pr A Masquelet - Paris*
- 8:33 AM :** **Session Plexus & Nerves I**
- 8:33 AM : Vascularized nerve transfers. *Dr C Echalier & Dr JN Goubier - Paris*
- 8:41 AM : Face-to-Face: Restoration of elbow flexion through nerve transfer: intercostal nerves vs. medial pectoral nerve?
Dr R Lim - Singapour et Pr O Camuzard - Nice
- 8:51 AM : How do I perform a nerve transfer according to Oberlin.
Dr C Echalier & Dr JN Goubier - Paris
- 8:57 AM : Arthroscopic neurolysis of the brachial plexus: example of the suprascapular nerve. *Dr C Duysens - Luxembourg*
- 9:05 AM :** **Session Plexus & Nerves II**
- 9:05 AM : How do I perform a nerve transfer from the anterior interosseous nerve to the motor branch of the ulnar nerve.
Dr C Echalier & Dr JN Goubier - Paris
- 9:11 AM : Face-to-Face: Should Thoracic Outlet Syndrome be operated on?
Pr M Merle – Luxembourg et Dr A Fouasson-Chailloux - Nantes
- 9:21 AM : Failures in primary nerve repair on the limbs: strategies
Pr PL Tos - Milan
- 10:06 AM :** **Break**
- 10:30 AM :** **Session hand and finger reconstruction**
- 10:30 AM : Reconstruction of complex tissue loss in children's fingers.
Pr F Fitoussi - Paris
- 10:38 AM : How do I perform a thumb's pulp reconstruction with a free pulp flap from the 1st toe. *Dr G Pomares - Luxembourg*

- 10:44 AM : Face-to-Face: Extensive tissue loss in fingers: free or pedicled coverage?
Dr A Cambon-Binder – Paris et Dr G Pomares - Luxembourg
- 10:54 AM : How do I perform an index finger pollicization.
Pr F Fitoussi - Paris
- 11:00 AM : Reconstruction of the distal radioulnar joint using a free flap from the 2nd metatarsophalangeal joint: A biomechanical study.
Dr A Ledoux - Luxembourg
- 11:08 AM : Digital reconstruction by toe transfer.
Dr F Del Piñal - Madrid
- 12:00 PM : Free Communications**
- 12:30 PM : Lunch**
- 13:30 PM : International session**
- 13:30 PM : How do I perform breast reconstruction with DIEP.
Dr J Ju Huang – Taiwan
- 13:36 PM : How do I perform sensory reinnervation of the breast after DIEP reconstruction.
Dr T Nai-Jen-Chang – Taiwan
- 13:42 PM : State of the art of lymphatic surgery: lymphovenous anastomosis? Lymph node transplant? *Dr Maria Del Rio - Barcelone*
- 14:03 PM : How do I perform ultrasound identification of lymphatics before lymphovenous anastomosis. *Dr Maria Del Rio -Barcelone*
- 14:11 PM : Sternohyoid muscle flap for dynamic facial reanimation and ultrasound identification of masseteric and facial nerves neurotization.
Dr Carmen Higuera – Barcelone
- 14:30 PM : Free communications**
- 15:00 PM : Reconstruction of substance loss of the heel.
Pr F Duteille - Nantes

- 15:10 PM :** **Break**
- 15:30 PM :** **Free communications**
- 16:15 PM :** **Session : The future of microsurgery in France and Europe**
- 16:15 PM : Overview of microsurgery in France. *Dr X Morel - Lyon*
- 16:20 PM : Alternative to the living animal model for microsurgery training: revascularized chicken thigh. *Dr J Houdu - Nancy*
- 16:25 PM : Fast-track learning in Microsurgery : A ten years review.
Dr N Bigorre & Dr A Petit - Angers
- 16:30 PM: The emergence of artificial intelligence.
Dr A Zemirline - Rennes
- 16:35 PM : What is the future of microsurgical teaching and practice?
Pr S Facca - Strasbourg
- 16:40 PM : Open Discussion
- 17:00 PM :** **Closing remarks**
